1. System Architecture & End-to-End Operational Loop

Platform ka architecture 5 real-time interconnected stages par operate karta hai. Har booking live sync aur automated financial logic ke through circulate hoti hai:

Stage 1: Booking & Quoting Entry	Client website ya Instant 3D Quoting Engine par booking confirm karta hai. System instant booking ref (#CCM-2026-XXXX) generate karke Phase 1 Booking Confirmation Voucher (WhatsApp & Email) ready karta hai.
Stage 2: Live Dispatch & Driver Allocation	Admin Operate Board par driver (Sonu Tripathi, Daniel, Marcus) aur vehicle (Mercedes S-Class GTS783) assign karta hai. 1-click se driver ke WhatsApp par manifest aur secret Driver PWA link chala jata hai.
Stage 3: Live Driver Execution & Telemetry	Driver mobile PWA (/driver) par [En Route] -> [Arrived] -> [Passenger On Board] -> [Complete Trip] update karta hai. Dashboard par bina refresh kiye Chime Sound bajta hai aur live status sync hota hai.
Stage 4: ATO 10% GST & Tax Invoicing	Trip complete hote hi system Section 195-1 GST Act ke tahat 1/11th GST calculate karke Official Tax Invoice (#INV-2026-XXXX) banana hai aur Phase 2 WhatsApp/Email Invoice dispatch trigger karta hai.
Stage 5: Monthly Corporate Ledger & Analytics	Monthly Net-30 accounts (Rio Tinto, BHP, PwC) ka balance ledger me record hota hai. FIFO 1-click settlement aur RFC 4180 CSV exports instant download hote hain.
